address Mary Schirmer in care E.A. Regier Elkhart Kansas.

I could get the information from sundry sources and therefore much of it may contain inaccuracies. I spent all my spare moments looking over pass-books, letters, scraps of papers, visiting letters patrons, Consulting "old timers"; So you will observe that the information is not consecutive. And even later on the reader will observe that there is occasionally an interval of record which dates many years back & Even the owners of lots in the older time had depended upon memory for their titles. So when you find inconsistencies in these records please do not charge them all to the Secretary.

The sextons have not always furnished me with the proper data for Deeds. Consequently I have made the deed to the decedent, and now I am sometimes ignorant of the real owner although I have the family name.

W. J. Rigdon Secy-Treas

<u>Statement</u>										
In the year 1889 I moved with my family from Jefferson Oregon to Salem Oregon - In 1892 Rev G. W. Grannis became Preacher in Charge of the First M. E. Church in Salem. Mr Grannis observed the business of caring for Lee Mission Cemetery was in an unsatisfactory condition, as no regular system of Records was being kept or ever had been kept of the minutes of Board Meetings, business accounts, lot sales or interments of remains. Names of lot owners were written in some instances across the face of the plot. Interments were some written down in passbooks or an old book in some instances but never in any case ledgerized or indexed. This sufficed for a time when everybody ^{known} knew, and the people were few and interments were fewer and the so far short history of Oregon was familiar to all inhabitants. Mr Grannis took in a vision of the future. Sometime in 1894 Mr. Grannis came to me and made the request that, as Secretary of the Board, I should take charge of the matter of putting the Records of Lee Mission Cemetery in understandable form. I accepted the job very reluctantly. However I procured the books as follows: This Record of Interments, A Lot Book, An index book - Journal or Ledger minute book for Board Meetings. In conjunction with the various Deacons, and with what time I could spare, have wrestled with the problem of paying something ^{out} 1500.00 on old obligations, kept up running expenses and trying to accumulate a fund for betterment. I have had no remuneration, none no regrets. So poor I have done this work you will, by examination. W. J. Rigdon 1923.
